SUMMARY

I am a hardworking person who strives to achieve quality over quantity in my work. I can adapt with ease which aids in my problem solving skills and new challenges are always welcomed, so that I may overcome them and grow as working professional. My passion is learning, especially from those who are more experienced as it leads me to become more resourceful when difficulties arise.

SKILLS

- Python (PyTorch, TensorFlow, NumPy, Pandas, Flask, Django, CustomTkinter, GUI Development)
- Full Stack Web Development (HTML, CSS, Javascript, REST API, Node.js, Express.js, Mongo.DB)

EXPERIENCE

PYTHON PROGRAMMING INTERN

CodSoft - Remote | 07/2024 - 08/2024

- As a Python Developer Intern, I developed and implemented multiple GUI-based applications, gaining hands-on experience in Python programming, user interface design, and project management.
- A few projects included were a Contact Book, To-Do List, Password Generator, all built using CustomTkinter.
- These applications demonstrated my ability to create functional, userfriendly interfaces and to solve problems efficiently through code.

AI ENGINEER INTERN

RadicalX - Remote | 12/2023 - 05/2024

- Assisted in designing and implementing AI models and algorithms to address real-world challenges.
- Collaborated with senior engineers to train and evaluate machine learning models, preprocess data, and integrate AI solutions into existing systems.
- Developed strong analytical and programming skills in a dynamic, innovative environment.

CUSTOMER SALES EXECUTIVE

OMIZ Solutions - India | 05/2023 - 10/2023

- I sold products by establishing contacts and developing relationships with prospects; recommending solutions.
- Maintaining relationships with clients by providing support, information, and guidance; researching and recommending new opportunities; recommending profit and service improvements.
