

Bernardo E. Dramos Jr.

Python Developer | Full Stack Web Developer

I believe to be a hardworking person who strives to achieve quality over quantity in my work. I can adapt with ease which aids in my problem solving skills and new challenges are always welcomed, so that I may overcome them and grow as working professional. My passion is learning, especially from those who are more experienced as it leads me to become more resourceful when difficulties arise.

Work Experience

Python Developer Intern 07/2024 - 08/2024
CodSoft | India

As a Python Developer Intern, I developed and implemented multiple GUI-based applications, gaining hands-on experience in Python programming, user interface design, and project management. A few projects included were a Contact Book, To-Do List, Password Generator, all built using CustomTkinter. These applications demonstrated my ability to create functional, userfriendly interfaces and to solve problems efficiently through code.

AI Engineer Intern 12/2023 - 05/2024
RadicalX | Remote

Assisted in designing and implementing AI models and algorithms to address real-world challenges. Collaborated with senior engineers to train and evaluate machine learning models, preprocess data, and integrate AI solutions into existing systems. Developed strong analytical and programming skills in a dynamic, innovative environment.

Customer Sales Executive 05/2023 - 10/2023
OMIZ Solutions | India

I sold products by establishing contacts and developing relationships with prospects; recommending solutions. Maintaining relationships with clients by providing support, information, and guidance; researching and recommending new opportunities; recommending profit and service improvements.

Supply Manager 06/2021 - 08/2022
IRCOS Ltd. | Mozambique

Efficiently managed the supply chain for a small company, overseeing inventory control, vendor relations, and procurement processes. Successfully reduced costs by optimizing stock levels and negotiating favorable terms with suppliers, while ensuring timely delivery of materials to support production and operations.

Assistant 02/2020 - 04/2021
Makamba Ltd. | Mozambique

I was responsible for ensuring that the facilities, layout and machinery used to produce new and existing materials and goods ran to their maximum efficiency and output. This includes total preventative maintenance, managing breakdowns of mechanical and electrical equipment.
